

Doctor Atiya Mosam

Dr Atiya Mosam is a Public Health Medicine Specialist and founder of Mayibuye Health, with over 15 years' experience in health systems strengthening, policy development, and health sector reform. Her expertise spans universal health coverage, primary health care, health financing, human resources for health, digital health, and pandemic preparedness.

A medical doctor by training, Dr Mosam holds Master's degrees in Public Health (Health Systems and Policy) and Medicine (Community Health) from the University of the Witwatersrand. She has provided technical support to governments and organisations including the WHO, Resolve to Save Lives, Vital Strategies, Genesis Analytics, and Panagora.

Dr Mosam is an honorary lecturer at Wits and Nelson Mandela University and serves in several global and professional leadership roles, including the WHO Public Health and Emergency Workforce Roadmap steering committee, the College of Public Health Medicine Council, and the InterAcademy Partnership's Young Physician Leaders Alumni Committee.

BUILDING HEALTH, TOGETHER.
